Frimley Green**

Friday 17th October 2008 at 8:00 pm

SPEAKER: Dr Cureton

“What does the future hold for our Medical Centre?”

Dr Cureton will speak about how the GPs perceive the government proposals to introduce poly -clinics might affect the local residents. It is understood that poly -clinics would bring longer opening hours to our clinic but this could also mean that it might be difficult for residents to conveniently see the GP of their choice because the staff will rotate working shifts to accommodate the longer opening times.

Come to hear an interesting and informative speaker, to meet local councillors, to join in an open forum and to socialise with friends and neighbours.
